

Fixin

Vieilles vignes

In the vines

Carefully selected grapes from the Clos “Entre deux velles”, a parcel located in the heart of the village of Fixin, bordering the Premier Cru vineyards Hervelets and Arvelets.

Viticulture

Guyot and Cordon de Royat pruning systems, mechanical ploughing, and the use of 100% organic fertilizers.

We use certified organic products and maximise manual work, including bud removal, shoot trimming, leaf removal, and green harvesting.

Soil management is carried out in a reasonable manner, with preventive vineyard practices aimed at reducing sulfur and copper treatments in the parcels.

Harvest

Hand-harvested in 20 kg crates, with sorting carried out directly in the vineyard.

In the glass

Aromas focused on cranberry, with floral notes. Fresh and fruity, featuring a saline palate and a juicy, vibrant mouthfeel.

Vinification

Vinification without additives, using indigenous yeasts, with ageing designed to preserve freshness and express the terroir.
